Access for our team and opposition team

Due to difficulties of co-ordinating access to the South West Water site players should park at Otterbourne football ground from where access to the cricket field can be made.

The following instructions apply:

From the south (Jn 12 of M3) go down Otterbourne Hill

Carry on straight until you see an Esso Service Station on the left.

Immediately after the Esso Service Station turn right into Oakwood Avenue,

Go to bottom of Oakwood Avenue where there is a T junction

Take right and then immediately left into track

Track takes you into Otterbourne football ground where there is parking space available

Park car and then take footpath behind the waterworks/cricket ground

Follow the path and a side gate giving access to the cricket ground can be found on the left.

Directions to the Southern Water Ground:

Leave the M3 at junction 12 signpost Eastleigh (N), Chandlers Ford and the A335. When travelling from the south, turn right at the roundabout, pass over the M3 and take the first exit. When travelling from the north take the first exit. At the next roundabout turn right into the A31 Winchester Road. Travel down Otterbourne Hill, straight over two mini roundabouts. Pass the Esso garage on the left, take the second (straight on) exit at the mini roundabout then first right into Sparrowgrove. Follow the road to the Southern Water site. Once in, follow the road to the right down to the pitch.

Important Note: The Southern Water site is a secure site, if the gate is closed, the opposition should all assemble by the gate and call the relevant captain. Cars to be parked in allocated area, not adjacent to the pavilion.
